## Reference Letter

I would hereby acknowledge Mariia Kolomiitseva as a well-educated architect and young professional. Mariia Kolomiitseva joined WXCA in May 2022 and worked full time as an architectural assistant.

Working at WXCA, Mariia shows diligence and full commitment to all the tasks entrusted to her. Her programming skills and knowledge of architecture allowed her to meet the expectations of project leaders. Mariia works very well in a team and shows initiative in searching for new solutions to architectural problems.

Mariia is prepared to work in the profession. We value her conceptual skills. She can carry out conceptual holistic considerations in the field of drawing, mock-ups and description. We also value her as a member of a multi-branch design team. Maria's experience includes understanding of structural and MEP technical aspects of the design in parallel with an understanding of the humanistic needs of future users.

It is apparent that Maria Kolomiitseva received good education. She enriches the knowledge from the University with her creativity and willingness to work. She became a valuable member of the WXCA team.

Marta Sękułska - Wrońska,  
Architect, Partner, CEO
